TRAINOR HURT IN
RUNAWAY SATURDAYTEALL'S CORNER FARMER REN-
DERED UNCONSCIOUS WHEN
THROWN FROM RIG.

George Trainor, a farmer living
 near Teall's Corners, was the victim
 of a bad runaway late Saturday night
 in which he was badly hurt as a re-
 sult of being thrown from his buggy.
 The buggy was completely demolish-
 ed.

Mr. Trainor's horse became fright-
 ened as he was driving on the Grand
 Detour road, just east of this city,
 and after running a short distance
 threw the buggy into a telephone pole
 and tore it loose. The horse then con-
 tinued up the road and was caught.
 When the buggy struck the telephone
 pole the driver was thrown out and
 rendered unconscious. Passersby dis-
 covered him and thinking he was
 dead called a physician and the sher-
 iff, but he was soon revived and no
 serious injuries resulted to him in the
 accident.

Police Picked Up Gun

Officer John Winters Sunday af-

 along the Illinois Central tracks in

 been shooting at taxicabs as they ap-
 proached the Third street arch, but
 it was impossible to prove any cir-

Judge R. H. Scott reversed the de-
 cision of the election judges in the
 vote in a special election held at
 West Brooklyn some time ago for the
 purpose of voting on the issuance of
 bonds for the construction of a new
 waterworks. The election judges
 claimed that the proposition was de-
 feated by two votes. The vote was con-
 tested and in the contest Judge Scott
 threw out three votes which were ir-
 regular and the proposition carried
 by a majority of one vote. The propo-
 sition was for the issuance of bonds
 against the village for \$2,700 and
 the irregular ballots were among
 those cast by women voters.

LOWDEN TALKS AT
FAMILY TONIGHTFORMER CONGRESSMAN WILL
MAKE INTERESTING SPEECH
TO DIXON AUDIENCE TONIGHT.

MARINE BAND TO PLAY

Col. Lowden One of the Big Men of
the Nation—Come Tonight and
Hear His Message.

Hon. Frank O. Lowden, former
 Congressman from this district and
 one of the eminent statesmen of the
 nation, will address an audience at
 the Family theatre this evening. His
 speech will be made in the interest of
 the republican ticket. He is a speaker
 of great ability and there is no doubt
 that a packed house will greet him.

The distinguished statesman who
 will address Dixon people on the vital
 issue of tomorrow's election this eve-
 ning at the Family theatre is a neigh-
 bor of Dixon's. He owns Sinsissippi
 farm, near Oregon, a stock farm fa-
 miliar all over the Middle West. He
 spends most of his time there. Col.
 Lowden is being urged by his friends
 to become a candidate for Governor
 of Illinois, but he insists that he does
 not care to re-enter politics in an ac-
 tive way.

Col. Lowden will have a message
 of importance to every Dixon voter
 and every man who can should surely
 be on hand to hear him tonight. Lad-
 ies are also especially invited to be
 present. The meeting will open at 8
 o'clock this evening, free to all.

Marine Band Plays.
 The Dixon Marine band will give a
 concert on the street before the meet-
 ing commences and the band will also
 give a musical program inside the
 theatre.

Everybody come and hear good
 talking and good music. It is a com-
 fortable place and there is plenty of
 room. Besides, you will learn some-
 thing that is to your interest to know.

ALL PAPERS LAMBASTED HIM

When He Was "Fired" From Chic-
ago School Board by Mayor
Busse.

(From Saturday's Daily)
 What the Chicago newspapers had
 to say of Raymond Robins at the
 time he was a member of the Dunne
 school board furnished the theme
 for a battery of speakers at the
 Sherman noonday meeting at the
 Cort theater yesterday.

Former Corporation Counsel Ed-
 ward J. Brundage read the newspa-
 per record on Robins. Editorially
 he pointed out, practically all of the
 Chicago papers at that time, includ-
 ing the Evening Post, suggesting
 that the best service Mr. Robins and
 his conferees on the board could ren-
 der the people of Chicago would be
 to resign and sink into oblivion for-
 ever.

What the Post Said.
 Among the editorial opinions quot-
 ed by Mr. Brundage which were
 printed at the time Mr. Robins and
 his friends were removed from the
 school board by Mayor Busse, was
 the following from the Chicago Even-
 ing Post:

"The People of Chicago, especially
 the parents, will not shed tears over
 the ousting of the twelve radical
 members of the school board. The
 results of the last two years show
 that radicalism and public school
 management produce a sorry com-
 pound when mixed.

"The retirement of Robins, Post,

PLAN TO MAKE THEM WORK
OUT FINES.

Earl Powell and Robert Zeigler of
 Sterling, John Brooks of Polo and
 Ben Cosmos of this city were arrest-
 ed for drunkenness Saturday night
 and were fined \$3 and costs each by
 Police Magistrate W. G. Kent this
 morning. All paid their fines with
 the exception of Cosmos, who is
 boarding it out in the county jail.

The police are following the in-
 structions of the council to arrest
 every man seen on the streets in a
 drunken condition. They are now
 considering a move to place every
 man arrested who is unable to pay
 his fine, on the streets with a cart
 and broom to clean the streets.

THREE YEAR OLD GIRL
CUT ABOUT THE FACECHILD WAS THROWN INTO WIND-
SHIELD OF AUTO SUNDAY
AFTERNOON.

The three year old daughter of a
 farmer named Scott, living eight
 miles north of Sterling, was badly
 cut about the face yesterday after-
 noon when the steering wheel on the
 auto driven by her father stuck and
 she was thrown into the windshield.

Mr. and Mrs. Scott and daughter
 and another lady were motoring to
 this city in a light roadster. As he
 turned the machine from West Fel-
 lows street to Galena avenue the steer-
 ing apparatus became stuck and he
 lost control of the machine. The ma-
 chine hit a telephone pole and the lit-
 tle girl was thrown into the wind-
 shield, breaking it and cutting her
 face badly.

She was taken to a nearby house
 and a physician was called, who dress-
 ed the wounds. The automobile was
 only slightly damaged.

SHERMAN CHOICE OF TRIBUNE
FOR UNITED STATES SENATORCHICAGO PAPER GIVES ITS REASONS FOR CHOOSING SHERMAN
• ABOVE ROBINS IN THE RACE FOR UNITED STATES
SENATOR TO BE FINISHED TOMORROW.

The Chicago Tribune, a newspaper
 which has had decided Progressive
 leanings during past years, this morn-
 ing came out with the following edi-
 torial advising the election of Law-
 rence Y. Sherman to the United
 States Senate. The reasons the Trib-
 une gives are conservative, reasonable
 and convincing. The article follows:

Roger C. Sullivan is the choice of
 the democratic party for the United
 States senate.

While this fact is disputed by Sen-
 ator Owen of Oklahoma and certain
 republicans and progressives, its af-
 firmance by democratic voters at an
 open primary in competition with the
 best democrats the state of Illinois
 could produce is certainly conclusive.
 Sullivan bases his campaign upon
 his avowed determination to support
 the policies of President Wilson
 through thick and thin. Since his two
 opponents must of necessity oppose
 President Wilson or else desert their
 own parties, Mr. Sullivan presents
 those democrats who are opposed to
 him but support President Wilson the
 alternative of supporting Sullivan
 and Wilson or rejecting Sullivan and
 Wilson.

Raymond Robins is the progressive
 party candidate for United States sen-
 ator.

Robins is distinctly a progressive
 party man, not a progressive republi-
 can. Robins never was a republican.
 Although a democrat, he supported
 John Harlan for mayor on the nonpar-
 tisan theory that party affiliations
 have no place in city politics. Later
 he became the ardent supporter of
 Mayor Dunne during his administra-
 tion and during the campaign for his
 re-election.

Robins is believed to have a strong-
 er following among the radical voters
 of Illinois than any other man.

Robins' personal honesty is not
 brought into question, even by his
 enemies. He is a speaker of rare power,
 a parliamentarian of unusual ability.

Robins is a deep but not a careful
 thinker. It is difficult to imagine him
 working out the details of a statute
 or considering all the effects of a
 measure which is designed to accom-
 plish a certain specific thing. As one
 of the minority to fight an entrenched
 machine in the United States senate
 he would have no superior. As one of
 an organization to frame wise laws
 for the improvement of business con-
 ditions he would be of less value.

He was one of the majority of the
 Dunne school board and it is not re-
 corded that he showed any construc-
 tive ability at that time.

Lawrence Y. Sherman is the republi-
 can candidate. He was first nominat-
 ed by the direct primaries over Sen-
 ator Cullom in 1912. He was a dele-
 gate at large to the republican nation-
 al convention, and was one of the
 most influential of the Roosevelt dele-
 gates. He it was who formulated the
 parliamentary theory upon which
 Roosevelt followers base their claim
 of a stolen convention.

After the convention and the for-
 mation of the progressive party he
 elected to retain his republican direct
 primary nomination. He was elected
 in the legislature by the republican
 members in combination with the
 democrats only after a fusion be-
 tween the republicans and progres-
 sives had failed.

STERLING GIRL WAS
THROWN FROM AUTO

The little daughter of Prof. and
 Mrs. A. T. Scoville of Sterling was
 thrown from an automobile to the
 brick pavement at the corner of Ga-
 lena avenue and Fellows street late
 Sunday afternoon, but fortunately
 escaped serious injury. The little
 girl was seated on a portable seat in
 the tonneau of the machine and as
 the car rounded the corner she was
 thrown against the door, which open-
 ed allowing her to fall to the pave-
 ment. She struck on her head, but
 fortunately escaped with a bad
 bruise.

Opposition to him makes much of
 the undeniable fact that he once vot-
 ed for a very bad measure in the legis-
 lature—the Allen bill. Opposition ig-
 nores the fact that he, more than any
 one else, secured the repeal of the Al-
 len bill two years later.

Since then he has been a leader in
 the improvement of politics. His con-
 duct on the Illinois state board of
 charities entitles him to a high mark
 of public favor.

His record in the United States sen-
 ate has been distinguished by courage
 in resisting political pressure from
 special interests and in defying wis-
 representation.

In the senate Sherman has been
 among the first to distinguish special
 privilege concealed in general legis-
 lation. His courage in denouncing
 the bogus in these measures has
 brought down upon him the fire of
 their proponents, men not yet shown
 up in their true character.

With the same penetration that
 overthrew the arguments of the Taft
 bosses in the republican convention,
 he has picked out the injustices in
 the tariff and banking laws, and he
 has joined others in pointing out the
 many faults in the Powell-Clayton
 bill.

The record of the Democratic party
 for the last two years does not war-
 rant its continuance in power. Its
 legislation has been loose.

The Underwood bill is not success-
 ful in raising revenue nor fair to this
 section of the country.

The good features of the currency
 bill were forced by the minority and
 public opinion upon the majority, but
 sectional discrimination remains in
 it.

The democratic majority has raised
 a war tax which could have been ren-
 dered unnecessary by moderate econ-
 omy, and it has tried to spend that
 war tax in "improving" southern in-
 lets and bayous.

If successful at the polls the demo-
 cratic party proposes to enact the
 "pork barrel" bill the coming season.
 The democratic party has purpose-
 ly and conscientiously worked against
 the efficiency of the army and navy,
 and has left the country, in the face
 of an appalling international war,
 without adequate defense.

In the face of this past record and
 in the face of unquestionable peril
 from foreign aggression, the nation
 cannot afford to support the demo-
 cratic party in Washington.

Between Robins and Sherman the
 question to answer is—which one is
 better fitted to serve in the present
 state of affairs?

Without detracting from the high
 qualities of mind and character which
 Robins undoubtedly possesses—quali-
 ties which have rendered him of val-
 ue to the community in which he lives
 and which will prove of value in the
 future—it must be said they are not
 the qualities most needed in the up-
 per house of congress at the present
 time.

The deep power of analysis, the
 habit of reasoning all the possible ef-
 fects of a proposed enactment, the re-
 fusion to be driven by an active minor-
 ity in support of bad legislation,
 should recommend Senator Sherman
 to the voters at a time when the na-
 tion needs clear thinking rather than
 sentiment, however exalted.

DEATH TOOK BRIDE
OF LESS THAN YEAR

Mrs. John Conroy passed away at
 her home about five miles south of
 this city on the Peoria road just be-
 fore midnight Tuesday night. She
 had been ill only a short time and her
 death is particularly sad as she was
 only married nine months ago.
 She leaves surviving her beside her
 grief-stricken husband, her parents,
 three brothers and one sister: Ed-
 ward, John and Bernard Frie, and
 Mrs. Patrick Hennessy of this city.
 The arrangements for the funeral
 have not yet been completed.

The response to the appeal of the

 of the Sugar Grove school combined
 their gifts with those of the Sunday

About 400 of the children of Eu-

The police report that Saturday
 evening was the most quiet Hallowe-

 any damage to property about this
 city.

Of course the children were about
 the streets with false faces having a
 good time but the depredations to
 property common to Hallowe'en even-

 places and these served to keep the
 boys off the streets and out of mis-

DEMENTTOWN DOINGS

Beautiful weather for the first of November, which reminds us of that old reference to the calm before the storm.

Do it early tomorrow. But don't think for a minute you will find any chance to vote for a United States Senator for a "four year term, as one of the leading exponents of a dying political party affirms. Even our school children nowadays know that the term of a United States senator is six years.

Incidentally if you want to be well entertained ask Commissioner Henry Schmidt what he knows about cooking chickens.

What Would You Do? The office of Utility Policeman in the city of Dixon is becoming more exacting every day; but every one will agree that Peter Duffy is getting by nicely.

However, he had one matter put up to him today that required the wisdom of a Solomon. A lady called

up and sprung something like this: "Oh Mr. Policeman, I don't know what to do. One of my neighbors has her washing out on her clothes line right next door and I have my carpet out and want to beat it. The carpet is on my own line in my own back yard, and what I want to know is whether I can beat it or not." After much thought, and a careful

search of the city ordinances Mr. Duffy decided the lady could beat her carpet if she was able and he so advised her.

Mr. and Mrs. Fred Busby and son Charles and Miss Hilderness of DeKalb were visitors Sunday at the home of Mr. and Mrs. J. W. Busby.

THE ISSUES OF THE DAY.

In another day the off year election will sweep over an otherwise reasonably happy land.

ten million citizens will be scratching their ears thoughtfully in the booths as they hunt for a familiar name on the ballot unfurled like a hotel blanket before them.

What is going to puzzle the earnest voter tomorrow is the question of issues. It is necessary in order to pull off a successful election to have plenty of issues, and never have the burning issues of the day been so completely overlooked as they have this year.

Is the high cost of living caused by the fact that Germany failed to answer the last note of Earl Grey, and in that case will a flank movement by General Joffre result in the unscrambling of Poland?

This is an issue which has been discussed with great heat and vigor for three months. But the voter will not find it on the ballot tomorrow.

Was the crime of 1912 excusable

by the fact that non-combatants had fired upon the victorious Germans, and if this was true was it gentlemanly of the Germans to cut off the ears of the maiden aunts of the said non-combatants?

This question has been debated with terrific vim. But it does not seem, somehow, to connect up with the ballot.

Should we allow the trusts to spread over the country without hindrance, or is the Prussianization of industry a menace to civilization, and should the Italian come to the aid of the French and soak the Austrians in the piazza?

On the other hand, is a promise to retire at the end of one term binding or should we all back Philadelphia to win another pennant, in spite of the fact that it makes the American League look like a race between an automobile and a basket of turnips?

These are the burning issues of the day. But who is standing on them? And what parties deserve our support because of their sterling records on these questions? Due to the new brand of headlines which have occupied the newspapers since the big row broke out, this election is going to be a pretty hazy affair to the average voter.

ROOM FOR ALL.

"Wait 'til the sun shines, Nellie, and the clouds go drifting by," then we'll be able to tell something about this little affair. Come to the Family Theatre tomorrow night and see the election returns. Ample accommodations have been made for all the Bull Moosers in the county. We have reserved the front row for them.

The Story of the Company in Which
LAWRENCE Y. SHERMAN
Started His Career

"The Allen Law" and Gas Consolidation and Gas Franchise Acts

"There seems to be a community of interest between all these measures which have money in them for the corporations but have none for the city."—Chicago Tribune.

"Perjured hoodlums * * * that denunciation will last as long as they live."—Chicago Tribune.

"Jobbery, corruption and gang influence marked all these measures."—Times-Herald.

The Chicago Record editorially (June 5, 1897) listed those who voted for the Allen Bill—including Lawrence Y. Sherman and said:

"Let every citizen keep these names in mind. They stand for what is worst in the history of the legislation passed by the XL general assembly. The legislators who voted for the Yerkes-Allen Bill have lost all claim to consideration as men fit to hold office.

"If ever the time comes that one of these men asks for the votes of the people again his record on the Allen Bill will be on hand to defeat him."

"The leading candidate for the speakership is Judge Sherman, one of the eight re-elected republicans who voted for the Allen Law and who has persisted in calling it a good law even after the voters have condemned it * * * he has the support of the traction companies which in Chicago buy up aldermen to get franchises and jurors to escape verdicts for damages and in Springfield buy up legislators to get friendly speakers and bad laws."—Tribune Editorial, January 3, 1899.

Why Take Sherman?

"What reason can the Republican leaders give for making Lawrence Y. Sherman Speaker of the Illinois House of Representatives? The Republican party is not lacking in men of a better type. Why should it select for honor one who is recognized throughout the State as the champion of private as opposed to public interest?"—Record-Herald Editorial, January 3, 1899.

"Senator Sherman realizes the strategic importance of keeping his past from becoming entangled with his future."—Chicago Daily News, Oct. 12, 1914.

Sherman in 1914 as Senator

Voted against:
Investigation of New York, New Haven & Hartford scandal—
Against Parcels Post and in favor of express company combine—
Against grain inspection in the interest of farmers—
He has been publicly repudiated by three Republican Senators, LaFollette, Norris and Clapp—who are for Robins.

ONCE again Illinois can have, and should have, a truly great man in the United States Senate—one who has devoted his life to the good of the masses of the people; one who has been heard all over this state and nation in earnest appeal for the betterment of the conditions of the common people; one who is known internationally for his championship of the masses; one who has never had a dollar from public taxation; one whose ambitions have never been for self, but always for the public good.—Raymond Robins—strong, capable, unselfish, public-spirited, a good orator, a right reasoner, a sound man; wise in counsel, temperate in action; in his sympathies more like Lincoln than any man of our time, and as certainly honest.

Forget party, forget personal preferment, forget personal considerations and give the state a vote for Raymond Robins for United States Senator. Let Illinois be once more represented in the United States Senate by a man who will take place and rank with the best men who have ever represented Illinois there. Go early and vote for Robins. Help restore the good name and great fame of Illinois.

We have had a Lincoln; we have had a Grant; we have had a Logan—we need a Robins. He will be as surely for the public good and as little for personal gain as was Lincoln. With the greatest stretch of your imagination and conscience could you say as much for either of the other two candidates?

In this campaign Raymond Robins' integrity, his ability, his right-mindedness, have never been questioned. He stands before you with an untarnished record. His chief aim in life has always been to serve his fellow man. His acceptance of this nomination was prompted by a desire to do the most good for his country. Give Robins your vote.

Roosevelt on Illinois' Senatorial Fight

Chicago Coliseum Address, Oct. 19, 1914, Charges Sullivan and Sherman "Stand Together in the Essentials"

"Mr. Sullivan, the Democratic candidate for senator, has had his whole career shaped by his part in the Ogden gas ordinance which practically the solid press of the city at the time denounced. The passage of this ordinance was not an incident in the career of Mr. Sullivan. It was the foundation for his political and commercial career, and shortly after its passage he appeared as an officer of the corporation."

"The foundation for Mr. Sherman's whole political career was laid when in the legislature he was one of the most prominent supporters of the so-called Allen law. The Allen law was passed in the interest of Yerkes and Lorimer to confer upon city councils the right to grant fifty-year franchises."

"In all the essentials of their actions Mr. Sherman and Mr. Sullivan stand together. The essence of a bi-partisan machine is that on certain questions hostile to the interests of the public the members of the two machines vote against the interests of the public, and, furthermore, that in various crises the members of the one machine come to the help of the members of the other machine."

"I may make my appeal in Illinois not merely to the Progressives, but to all honest Republicans and honest Democrats to repudiate both the Sullivan and Sherman machines. This they can do only by electing to the United States senate as able and upright and genuine a popular representative as Illinois has ever sent to that body—namely, Raymond Robins."—Chicago Tribune, October 20, 1914.

He is not deserving of the votes of good Democrats."—Governor Dunne to Chicago voters in August, 1914.

Sullivan or Robins?

—Asks La Follette

"The state that elected Lorimer senator may elect Sullivan, but it would inspire every progressive Republican and every progressive Democrat with hope to fight on if it should elect Raymond Robins to the United States Senate. "Politicians rely upon the party name to carry the election for a candidate whose steady record should damn him before all men. They need a lesson everywhere."

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful At Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

JNO. VAILE INJURED TODAY

John Vaile was painfully injured and he with Wm. Curran and John J. Armstrong had narrow escapes from death or serious injury just after noon today. They were driving west on Third street and as they approached the switch track Curran, who was driving, noticed a switch engine approaching at a rapid rate of speed. With rare presence of mind he swerved his machine to the side and into a wagon which was standing along the track. When the machine hit the wagon Vaile was thrown against the windshield and received a number of painful injuries. The other two men were uninjured, but the machine was badly damaged.

Be the Telegraph's guest at the Family theatre Tuesday evening and get the election returns.

ED F. CAHILL IS SWORN INTO OFFICE

COUNCIL HOLDS REGULAR SESSION THIS MORNING WITH NEW COMMISSIONER THERE.

MONTHLY BILLS ARE ALLOWED

Good Sized Rebate Goes Back to the Property Owners and Tax Payers On Seventh Street Job.

Edward F. Cahill, newly appointed Commissioner of the City of Dixon, this morning took his oath of office and was seated in the deliberations of the city council in regular session at the city hall. The meeting was another one that strongly brought back to those present the esteem in which the late Martin J. Gannon, the commissioner who passed away a short time ago and whose place Mr. Cahill was appointed to fill, was held. The minutes of the previous session were read after Commissioner Cahill had qualified for the office, and in the minutes were incorporated the resolutions of respect and the words of love and admiration that had been spoken at the previous council meeting.

Business Transacted.

The monthly bills against the city, amounting to \$3398.18, were read and allowed. The Board of Local Improvements approved the final estimate on local improvement ordinance 161, the total of which is \$20,790.71. This improvement is the Second street paving, curb, etc.

Because of the cost of the concrete road work, etc., on Seventh street and Chicago road falling below the engineer's estimate to the amount of \$353.60 and because of the donation by the Sandusky Cement company of 765 barrels of cement at the rate of \$1.15 a barrel, which amounted to \$879.55, a total rebate of \$1253.35 was ordered by the Board of Local Improvements today. The property owners along the improvement will get back \$879.55 and the sum of \$353.60 will be spread over the general tax and to the property owners also.

Otto Beier was given permission to make certain improvements on his building, occupied by his bakery, at the corner of Hennepin avenue and First street. Mr. Beier intends to put in a new elevator for moving flour to his store room which will be a great improvement in appearance and efficiency both. He also intends to put store fronts in the west side of his building. The corner will be greatly improved when the work is finished. The council agreed to investigate the claims of Miss Godfrey, who desires that the sidewalk in front of the property owned by her on East Fellows street, just west of the Assembly gate and on the north side of the street, be lowered to correspond to the level of the street.

OFFICERS SEARCHING FOR MAN AND RIG

"JOHN GRAVES" HAS NOT RETURNED HORSE AND BUGGY TO OWNER.

A man purporting himself to be John Graves and who has been working for Ross Bovey near Nachusa, hired a livery rig and buggy at the Lee Read barn yesterday morning and thus far has not returned it and no trace has yet been found of him or the rig.

He went to the Reed barn yesterday morning and got the horse and buggy saying he wanted to drive to the Bovey home for dinner. He drove there, got all his belongings and nothing has been seen or heard of him since.

The police and sheriff's offices have been notified and all surrounding towns have been notified to be on the lookout for the young man with the horse and rig.

AUTO COLLISION THIS MORNING

A bad accident was narrowly averted just before noon today when a machine driven by Charles Tontou of Peru collided with a Ford machine driven by Clayton Elliott, at the corner of First street and Helena avenue. Luckily neither machine was badly damaged.

Elliott started around the corner with Tontou following him and Elliott met a machine driven by J. E. Henry coming from the opposite direction. He swerved his machine to avoid Henry's car and Tontou struck his car in the rear. The fenders and tail lamp on Elliott's machine were bent and broken and Tontou's car was damaged slightly about the front end.

MOTHER! IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels and you have a well playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled.

THE STATE SENATORSHIP

The argument is put up, by the man who wants to use it to be elected, that Dixon needs a state senator from Dixon so that the new state epileptic colony that has been located at Dixon will be built right and helped along. The Dixon candidates for the state senatorship declare that Dixon people should vote for them so that the colony may prosper.

The gentleman who seems to have the most influence of anybody in Illinois when it comes to the matter of the epileptic colony is not a candidate for senator himself. He is the Honorable William B. Brinton, Mayor of Dixon, and we can safely leave it to Colonel Brinton to take care of the epileptic colony. It is his own pet and he has demonstrated that he is perfectly capable of looking after it. If anybody else noses in and tries to interfere in the colony business he is likely to find that selfsame nose caught in the door that will be slammed in his most pious face. Just leave the working of the colony to Mayor Brinton. It is safer in his hands. He won't spill anything.

The idea that Dixon must elect a guardian for the epileptic colony is the most ridiculous claim that anyone ever trumped up for his own benefit. Does anyone think that the new epileptic colony is being built for the express benefit and delight of Dixon? Why, the colony, we were given to understand, is a state institution. Everybody in the state of Illinois is just as interested as Dixon in seeing that colony pushed forward and completed for the benefit of the thousands of unfortunate patients who are to occupy it. Is the state of Illinois going to spend three or four millions of dollars on this epileptic colony just because a state senator from Dixon wants it to? Well, not to any appreciable extent. The state will spend the money because the state wants it.

Adam C. Cliffe of Sycamore, a brilliant lawyer, an upright, honest man, a man who has demonstrated his ability as a legislator in the lower house, a man who will be a credit to the thirty-fifth senatorial district, is the republican candidate for the state senate. He is going down to Springfield to represent this district and everything that is for its interests. He will be just exactly as interested in doing all in the world he can for the colony at Dixon as any Dixon man could be, for this colony is in his district, and he will be working for his district and everything in it.

There are other things to consider beside a state colony that has already been located here and the building of which is in the hands of a state commission. There is the inefficiency of the present state administration to be thought of. There is the high tax rate to be cut down. There are republican principles to uphold and put back into force.

The man who wants to be elected on the platform that he can help build the epileptic colony stands upon a pretty shaky foundation.

HARD UP FOR AMMUNITION.

The only thing the opponents of Senator L. Y. Sherman, the republican candidate for the United States Senate at tomorrow's election, can find to say against him after dragging the western hemisphere with a fine-tooth comb, is to go back into ancient history and drag out that mildewed old gag about the Allen Bill. Every opponent Senator Sherman has had in this generation has carried "Larry" Sherman into the state house at Springfield on a stretcher to vote for the Allen Bill. And somehow or other he has survived the awful blow each time and has risen to one of the greatest heights to which a statesman can aspire.

The truth about that Allen Bill is that Senator Sherman did vote for it and he believed it to be a good law, as did most people at that time, and many disinterested parties yet claim it to be the best law of its kind ever passed by an Illinois legislature. BUT, Lawrence Y. Sherman was made Speaker of the House at Springfield two years later. The Allen Bill was not meeting with the approval of the people of the state of Illinois. He was fair enough to think that if the people did not want the bill they should not have forced it upon them, and L. Y. SHERMAN, AS SPEAKER OF THE HOUSE, REPEALED THAT ALLEN BILL WHEN HE, AS SPEAKER OF THE HOUSE, HAD POWER TO CONTINUE IT IF HE WISHED. IF HE WAS ONE OF THE MANY MEN WHO VOTED FOR IT, HE WAS THE ONE MAN MOST RESPONSIBLE FOR ITS REPEAL.

STARTING ON A BIG JOB.

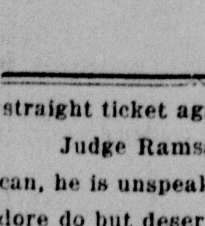

As we predicted, the Bull Moosers are wild, raging and tearing their hair over the announcement by Judge Ramsay of Whiteside county that he had returned to the republican party, after two years of Progressivism. They call him everything from Judas to Benedict Arnold and write articles directed at the circuit judge that are exceedingly vicious and full of hatred.

Well, if the Bull Moosers are going to pay this much attention to every member of their party who turns back to republicanism and the straight ticket this fall, they will be busier than "a one-armed paper-hanger with the hives" for the next ten years. A cat on a tin roof or a man killing snakes would be a picture of inactivity compared to these Bull Moose journalists from election time onward for the next decade if they are to roast every man who abandons their lost hope and goes to the republican party to vote the

Horrors or War

By WALT MASON

They are still fighting over there, through Europe armies leave their tracks; and Uncle Sam, to make things square, will soon impose a special tax. It's not for us to boldly trek o'er sodden fields, with lifeblood damp, but every time we write a check, we'll have to use a two-cent stamp! So let us rise, an angry horde, and call upon the scrapping kings to throw away the gun and sword, and let the White Dove wave its wings. We cannot calmly view war's wreck, the dying soldiers in their camp, when every time we write a check, we have to use a two-cent stamp. We thrill with horror when we read of legions marching to be slain, of heroes going forth to bleed and die upon a foreign plain; what though the grim survivors deck the graves with wreaths, as on they tramp? Full soon, when'er we write a check, we'll have to use a two-cent stamp! The dread of war comes home to us, e'en though in balmy peace we dwell, as drearily we sit and cuss our enemy H. C. of L. While Europe gets it in the neck, while captains shout and chargers champ, Americans who write a check must stick thereon a two-cent stamp.

straight ticket again.

Judge Ramsay as a progressive was their pride and joy. As a republican, he is unspeakable. What hypocrisy! What did their own beloved Theodore do but desert his party and bring ruin upon it just before election. Theodore did it because he was a poor loser. Judge Ramsay goes back on the progressives because he sees that the hope of the nation lies in the G. O. P.

DON'T WASTE YOUR VOTE.

If Theodore Roosevelt failed to carry Illinois in the 1912 election when the now waning Bull Moose fad was at its height, what chance has Raymond Robins the progressive candidate for U. S. senator, to be elected tomorrow? Can't you see that if you vote for Robins you are simply wasting your vote, and your vote is valuable.

If you are in favor of Roger Sullivan why not come right out and vote for him instead of going half way for him and voting for Robins? If you are against Roger Sullivan there is only one thing for you to do and that is to cast your vote for Lawrence L. Sherman, the republican candidate. He is the only man who can beat Sullivan. He is the only man who stands for the principles that are directly opposed to democracy and its doctrines. It is a sharply drawn fight between the democratic and republican forces and the man who votes the progressive ticket is evading the issue and not making his vote a real force in the battle.

COL. LOWDEN HERE TONIGHT.

Colonel Frank O. Lowden, a neighbor of ours, owner of Mississippi Farm, near Oregon, our former Congressman and one of the distinguished statesmen of the nation, will speak in Dixon this evening at the Family theatre in the interests of the republican ticket. Everybody is urged to come and hear Mr. Lowden. He is a splendid public speaker, as Dixon people know, and will give an address that will be well worth going a long way to hear. Colonel Lowden is being talked of as the next republican candidate for Governor of Illinois. He declares he will not enter the campaign, but if his friends can force it, they will induce him to run, for he is the man who could be elected and who would deliver the goods as chief executive of the state.

RECOMMEND MCKENZIE.

The Chicago Herald yesterday recommended the election of John C. McKenzie to Congress from the Thirteenth District. Congressman McKenzie, however, needs no recommendation from outsiders, although the people of this district are pleased that others recognize the ability they see in the man. The voters of this district will give Congressman John C. McKenzie the biggest vote he has ever received tomorrow, and it is fitting that they should.

MCKENZIE IS A STATESMAN.

The Thirteenth Congressional district has always been fortunate in being represented in Congress by a man of special capabilities that distinguished himself, and therefore his district. When Lee county was in the

district with Bureau county General Henderson was the representative at Washington for his people back here and they loved him. When this county was legislated into the present district it found that Robert R. Hitt, that internationally famous diplomat, was its congressman. After Mr. Hitt had been laid away to his eternal rest at his home in Mt. Morris, Colonel Frank O. Lowden, the gentleman who will speak at the Family Theatre in Dixon Monday evening, was elected to Congress and he in turn brought great credit and distinction to this congressional district. Col. Lowden is a national figure in the political and financial world. It was with great regret that the people of this district learned that Col. Lowden's then failing health would force him to retire, temporarily, at least, from public life.

With such a brilliant list of representatives from this district it behooved the voters to choose carefully the successor to Colonel Lowden. It took a big man to measure up to the standard that had been set in this district. John C. McKenzie, of Elizabeth, Ill., was the man. He was put before the voters and they sized him up and found him to be not wanting. They found John C. McKenzie to be an honest, capable, keen and energetic statesman. They sent him to Washington, and their beliefs and hopes were fulfilled to the highest degree, for John C. McKenzie proved to be the calibre the people of the Thirteenth District thought him. He has made his mark in Washington and he is a big influence for the good in the national capital. As much influence as any republican can be when a democratic administration has a stranglehold on every branch of government.

Congressman McKenzie had considerable legislative experience at Springfield as a member of the state legislature before he went to Washington, and this training gave him a big advantage.

It is not disrespectful to say that John C. McKenzie has not much opposition, for it is acknowledged that although there are men on the ticket against him, they are not of enough importance to be worthy of any serious consideration and they are not making a fight for the office. The democratic and progressive parties each nominated a candidate for congress, but it is quite evident that they understood the situation and had no hopes of defeating Mr. McKenzie, knowing that his splendid work and wonderful record could result in nothing less than his re-election, for the candidates they picked are not in his class nor are they making an effort to be elected.

Be sure to give John C. McKenzie your vote. It takes votes to elect him. You owe him your endorsement of his conduct. See to it that you give it to him.

A REPUBLICAN YEAR

This is a Republican year. Democratic tariff policies, in force only 12 months, have caused business depression, industrial stagnation and have thrown an army of four million idle men on the streets, with winter approaching and without means of support for themselves and their loved ones. The object lesson is one that appeals to all voters. It will be voiced in a vote for Republican candidates and their well known principles of protection which mean prosperity. It will cause a return of the Republican party to power.

Democratic free trade laws have given our markets to the producers of foreign lands. What the foreign producer makes and sells here keeps his payrolls busy but it doesn't give our men work. The more we buy from abroad of what we can make ourselves, the less we work and the more money we send out of our country in gold. Free trade with foreign countries spells idle men. Republican protection gives all something to do.

The issue is plain. A return to prosperity is the universal desire. It will be accomplished by a return of the Republicans to power through the voting strength of this and other states. A vote for a Republican candidate counts for prosperity and the full dinner pail. A vote for the candidate of any other party is a vote for the continuance of present Democratic conditions.

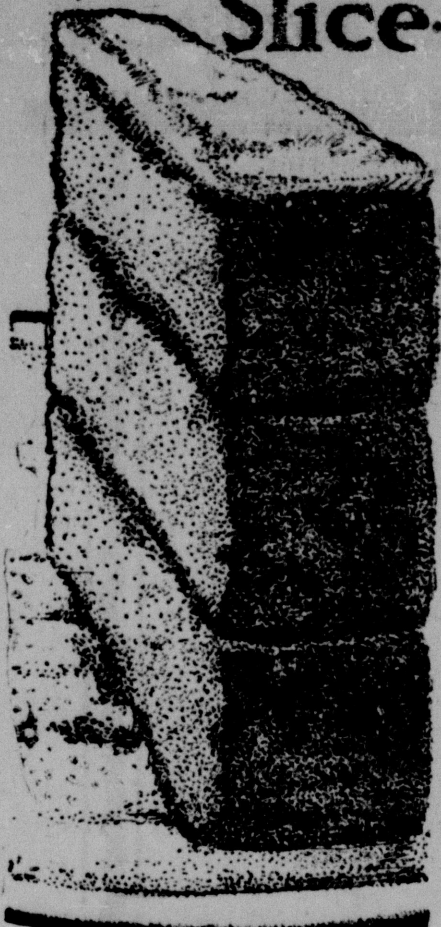

L. Y. SHERMAN.

Two good Republican candidates who will receive the support of many are Leech of Amboy and Brewer of Tampico.

mouth disease which is prevalent in Southern Michigan and Northern Indiana. "The quarantine will stop business at the yards for the time being," said Bennett.

May Last Month.

It is thought the quarantine will last a month. A hundred inspectors are working in Illinois, Indiana, Iowa and other states, and the quarantine will probably last until their examination is completed.

It is believed however, that the big yards in Kansas City, Omaha, St. Paul and other cities will be able to take care of much of the business that will be shut off from the Chicago yards.

The business done at the Union Stock Yards with its ramifications in other industries is practically \$35,000,000 daily.

Plants Overwhelmed.

All of the plants are overwhelmed with European orders, of which some contracts might be subject to so-called independent firms.

Armour & Co. stated today that there might be a flurry in the price of dressed meats, but stated the belief that other packing concerns may be able to take care of the situation, and no material advances are feared. Cattle, sheep and hogs advanced today, the latter twenty points higher than Saturday's close.

Expect Extension.

Washington, Nov. 2.—Chief Ellenberger, of the Field Inspector service, said no new quarantine has been issued against the Chicago stock yards, but that an extension of the Saturday order might be expected at any moment.

Dramatic Notes

PRINCESS THEATER.

Tonight the Princess theater will show two features of great merit, the first being "The Revenue Officer's Deputy," a Reliance drama with Frank Bennett and Irene Hunt in the leading roles. This is a story in which a man proves his courage and devotion at the same time. The story tells of the illicit making of whisky for sale in the western countries, and is one that is thrilling and full of vim and excitement. The other feature is entitled "For Her Father's Sins," a Majestic drama with Wallace Reid and Billie West in the leading roles. This is a strong sociological drama telling of the adventures of a girl that runs away from her home to earn a living for herself in New York City.

AT THE OPERA HOUSE.

On tonight's program is the tenth installment of the "Trey O' Hearts," a most thrilling escape is made on a train pursued by another special train employed by Trine, Aose, Alan and Barcus board a freight caboose and Judith uncouples it from the rest of the train stopping it on a trestle. The three are forced to crawl out between the ties to escape death by a collision, some beautiful mountain scenery is shown in this installment.

The Miner's Romance is an intensely interesting story told in one reel, a Nestor drama.

The Boob's Legacy is a Rex comedy that is a sidesplitter.

On Wednesday afternoon we have a ladies' gift matinee starting at 2:30. Every lady attending is given a souvenir of value.

WHEN DREAMS COME TRUE

The announcement is made that When Dreams Come True, one of the newest musical comedies, which had a great vogue in New York and Chicago last season, will be presented at the Dixon opera house Thursday evening. The action of the play opens on board the immigrant deck of a steam ship on its way to New York. The plot begins to unfold early and the music theme begins, when Frederic Sandley as Kean Hedges, son of a multi-millionaire who, on account of having become infatuated with a French dancer in Paris is recalled to America by his father, being short of funds he has to take passage home in the steer

age of the ship and it is while he is lonely he sees, as he thinks in a vision, his dream girl.

A number of tuneful songs are introduced, chief among them being: Come Along to the Movies; Love is Such a Funny Little Thing; You, Dear, You; Who's the Little Girl? and When Dreams Come True.

The scenic appointments are elaborate, and the costuming of the various members shows the very latest European fashions.

The company numbers fifty people, with a large singing and dancing contingent, selected for their youth, grace and ability.

When Dreams Come True, it is promised, will be one of the most enjoyable theatrical entertainments of our local season.

ed by Congressman William Rodenberg; in tabulation of the voters in the different political parties to get the full expression of the voters I confine myself strictly to the heads of the different tickets, namely, Republican, Lawrence Y. Sherman; Democrat, Roger C. Sullivan; Progressive, Raymond Robins; I found in checking up a great many men non-committal; some of them stated when I talked with them that they were just making up their minds as to whether they had better remain by their party affiliations, or vote the Republican ticket and the return of prosperity.

Gives Cities Visited.

In giving you the cities that I visited and canvassed the voters, I herewith submit to you the number of votes, tabulated as to the ticket they voted two years ago (1912), and how they would vote this coming election. I am positive that I got a true expression, first hand, what the voter will do on November 3, 1914. The non-committal vote I made no tabulation of whatever.

I hereby certify to your honorable congressional committee, after a thorough canvass of the cities here named, I found the following:

39 votes Belvidere, Ill.
49 votes Freeport, Ill.
56 votes Rock Island, Ill.
56 votes Kewanee, Ill.
60 votes Galesburg, Ill.
71 votes Peoria, Ill.
76 votes Springfield, Ill.
34 votes Pontiac, Ill.
41 votes Champaign, Ill.
51 votes Danville, Ill.
29 votes Mattoon, Ill.
26 votes Clinton, Ill.
22 votes Alton, Ill.
50 votes Rockford, Ill.
39 votes Galena, Ill.
27 votes Galva, Ill.
27 votes Moline, Ill.
28 votes Monmouth, Ill.
31 votes Pekin, Ill.
65 votes Bloomington, Ill.
41 votes Lincoln, Ill.
59 votes Decatur, Ill.
39 votes Kankakee, Ill.
24 votes Paris, Ill.
55 votes East St. Louis, Ill.
39 votes Belleville, Ill.
928 votes Cook county, Ill.
Total, 2163.
59 per cent Sherman of this total.
1276 votes or 59 per cent for Lawrence Y. Sherman.
692 votes or 32 per cent for Roger C. Sullivan.
195 votes or 9 per cent for Raymond Robins.

Assuming that there are 1,000,000 votes cast on November 3, 1914, in the entire state of Illinois:
59 per cent to Sherman, or 590,000 votes.
32 per cent to Sullivan, or 320,000 votes.
9 per cent to Robins or 90,000 votes.

I have a copy of my report I made to your honorable committee and the National Republican committee of my forecast of the 1912 vote; if you remember correctly, when my report was read, your committee said to me in open meeting, that I was an enemy in your camp, that my report was only a dream, and not at all correct. (The results indicated otherwise, however.) I said that Taft and Deen would be beaten in Illinois and the entire Republican state ticket, including congressmen of the Third, Tenth, Nineteenth, Eighteenth, Twenty-second, Seventeenth, Twelfth and Fifteenth districts.

Now, I am most pleased to report and I hope it will be received more graciously than the 1912 report.

After 20 years' experience in canvassing and tabulating voters preceding elections in the State of Illinois, I may make the following predictions:

Predicts Majorities.

Lawrence Y. Sherman, majority of 225,000 votes.
1st cong. dist., Madden, majority, 4,941 votes.
2nd cong. dist., Mann, majority, 7,547 votes.
3rd cong. dist., Wilson, majority, 3,900 votes.
5th cong. dist., Harris, majority, 1,528 votes.
7th cong. dist., Jaul, majority, 1,826 votes.
9th cong. dist., Britton, majority, 3,514 votes.
10th cong. dist., Foss, majority, 4,500 votes.
12th cong. dist., Fuller, majority, 6,900 votes.
13th cong. dist., McKinzie, majority, 4,526 votes.
15th cong. dist., King, majority, 3,800 votes.
17th cong. dist., Sterling, majority, 6,000 votes.
18th cong. dist., Cannon, majority, 6,781 votes.
19th cong. dist., McKinley, majority, 3,922 votes.

GREAT CHOR WILL SING THIS EVENING

IMPORTANT MUSICAL EVENT AT PRESBYTERIAN CHURCH TONIGHT.

ROYAL WELSH LADIES CHOIR

Great Body of Singers Here Under Auspices of the Candlelighters.

One of the finest musical events for the season will be held this evening at the Presbyterian church and one which deserves the attention and presence of every music lover in Dixon.

It is the concert by the Royal Welsh Ladies Choir of England and which comes here under the auspices of the Candlelighters and will give their concert tonight in the church building. The opportunity to secure this wonderful organization for a concert in Dixon was only presented at a late hour and the time for the announcement is short but as the Candlelighters have had the enterprise to take the chances of a crowd on such notice in order to give the people of Dixon a chance to hear the choir, the musical people of the city and those who like good singing ought to show their appreciation by attending the concert.

The choir is an organization of ten young women of rare musical attainments under the direction of Madam Hughes Thomas. They come from Cardiff, Wales, and are artists of distinction in their native country.

RENYOLDS TOWNSHIP HEARD REPUBLICANS

FINAL MEETING OF COUNTY CAMPAIGN WAS LARGELY ATTENDED.

The Republicans closed their campaign in the country districts of Lee county with a big meeting at the Wiener school Saturday night. The school was well filled and the enthusiasm of those present would indicate a strong Republican vote from Reynolds township Tuesday.

William Heinzeroth called the meeting to order and acted as chairman and introduced the speakers. Attorneys Grover W. Gehant, Mark C. Keller and E. H. Brewster each spoke on the national issues in this campaign. They discussed the tariff, the establishment of offices and commissions and the increase in the salaries of all the officials under the Democratic administration.

State's Attorney Harry Edwards discussed the issues presented in the campaign in this state and took up principally the increase in the state tax rate from 38 cents to 71 cents on each hundred dollars valuation. He also discussed the increase in the number of state jobs and of many other promises made by Governor Dunne when he was a candidate for Governor two years ago.

Chairman Heinzeroth then introduced all the candidates for county offices on the Republican ticket: John B. Crabtree for county judge; Fred G. Dimick, for county clerk; John E. Moyer, for county treasurer; Robert R. Phillips for sheriff; Edwin S. Rosecrans for circuit clerk and Prof. L. W. Miller for county superintendent of schools. Each of these men made short talks.

Madam—Is Your Underwear Form-Fitting or Straight Lines?

The illustrations above tell their own story.

One—the usual form of knit underwear for women—cut on straight lines at shoulders, sleeves and armholes, stretched into shape by the wearer.

The other—Athena Underwear—tailored into shape by the maker. The slanting downward of the shoulder and sleeves shapes the garment to the correct lines of the wearer. Full bust and tapering back.

SEVEN SPECIAL FEATURES ASK TO SEE THEM

THREE-CORNERED GUSSET—Relieves strain in garment at thigh. Insures greater comfort, longer wear.

PATENTED SEAT—Most notable improvement ever made in underwear designing, so shaped that it clings to the figure in any position.

PERFECTED SHOULDER-STAY—Keeps garment from stretching across shoulder, and holds sleeve in place.

CURVED-CUT ARMHOLE—Brings the garment snugly to the body, without unnecessary cloth, causing uncomfortable perspiration and tearing the armhole of one's best frock.

FITTED SHOULDER AND SLEEVE—Give natural form to bust and proper tapering to back.

EXTRA-ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

ATHENA LOW-NECK SLEEVELESS GARMENT is narrowed at back, with extra-full bust—lower in front than at back. No slipping of shoulder-straps down over arms.

And Athena Underwear costs no more than ordinary underwear

on my canvas and as near in their own language as possible, leaving out the adjectives.

Roosevelt "Hot Air."

A prominent Progressive at Rockford said he was led away two years ago from the Republican party, using his own language "By the hot air of Roosevelt." He, with his four boys will return to the G. O. P. A Democratic merchant of Freeport said he had been affiliated with the Democratic party all his life but he would not vote for C. Sullivan because he lived in Chicago and he says Chicago and Cook county have all the elective state offices, from

governor down, including James Hamilton Lewis, and the speaker of the house McKinley, and now Chicago wants the other United States senator, in Sullivan, or Robins, so he said he would vote for a downstate man, Senator Sherman, as he believed that the state should have something outside of Cook county, as away from him as a penalty by the Cook county wanted to box it all, and

no hog at all for him. A labor Democrat at Galesburg said that Senator Sherman has always been friendly to the labor cause, and he would vote for Sherman. A Progressive voter of Peoria will not vote for Robins, as he is a single taxer who believes his farm and title should be taken away from him as a penalty by the state of Illinois, for the benefit of

the Socialists of this state, and he would vote for Sherman. A carpenter and a Democrat of Springfield said that one-half of the carpenters were unemployed, and his union was going to instruct the members to vote the entire Republican ticket for the return of prosperity. Another

PROGRESSIVE CANDIDATE FOR TREASURER OF LEE COUNTY

ELMER J. COUNTRYMAN

To The Voters of Lee County

In presenting my name to the voters of Lee County and asking to be chosen your treasurer you are entitled to know about my life history. I am a native of Illinois, born on a farm in our sister county of Ogle on September 17th, 1870. Attended country school, later graduating from Rochelle High School in 1889. After assisting my father harvest the crop on his farm I entered the employ of the Rochelle National Bank in September of that year, being the successful applicant of thirteen young men applying for the position. This position I held for three years and two months, resigning at the solicitation of my uncle, Mr. I. B. Countryman, to be associated with him in the mercantile business in Dixon. On February 1, 1896, I was made a partner in the I. B. Countryman Co., later becoming its secretary and general manager until 1910, when I purchased my uncle's interests and have conducted the business as president of the E. J. Countryman Co. up to the present time. I am a charter member and a director of the Union State Bank of Dixon, which was organized twelve years ago. Was chosen member of the Board of Education, serving two years, when I was elected president, succeeding myself as president for a second term during which time the new Seventy Thousand Dollar school house was erected. I have lived nearly twenty-one years an active business life in Dixon, always contributing liberally of my energy, time and money to the upbuilding and welfare of the city and county, and was this year chosen chairman of the Dixon Commercial Club.

During all of this time I have never asked for an office in the county being happy to assist my friends whenever possible to secure for them such offices as they desired to fill. I have always been a consistent Republican until 1912 when I joined the Progressive Party, believing that the Progressive declaration advocates advanced legislation and social justice which is of material benefit to the American people.

In presenting my name to you as a candidate I wish to add that I am very desirous of filling the office of treasurer for one term and respectfully solicit your vote if you feel I merit this compliment from you, and if elected I shall give the office the careful consideration which I aim to give all important business matters, to guard your interests and mine.

Yours truly,
E. J. COUNTRYMAN.

ROBINS WEIGHED; FOUND WANTING

(Continued from Page 1)

Mills, et al. will deprive Chicago of some 'picturesque' public characters, but will vastly benefit the public schools. The schools have been rescued from the clutches of faddists and dreamers and education is again to be made their sole plan and purpose.

The Tribune's Comment.

The Tribune said: "The twelve members of the school board who have been so summarily 'bounced' by Mayor Busse deserve to be sent about their business because they are unfit to occupy the positions they held."

The Record-Herald had this to say: "Most of them have been trouble makers, utterly incompetent in the management of the schools and the destroyers of all discipline except the discipline by an irresponsible mob of which they were the agents."

How the Journal Felt.

The Journal said: "It is to be hoped that Chicago has now heard the last of the freaky, incompetent and impractical persons who have made our public schools ridiculous during the last two years. 'Raymond Robins and the rest' will do the city the last service of which they are capable if they will now subside and allow themselves to be forgotten."

Mr. Brundage added: "Men are judged by their public record and not their protestations. The only public record of Mr. Robins is a record of incompetency. As a result of a popular demand he was the victim of the 'recal' which he now advocates so strenuously. The United States senate is a great dignified body. It is the highest branch of our lawmaking power. Will Illinois facilitate the business of the senate by sending there a man unqualified to transact the business of the Chicago board of education?"

FOR SALE. 8-room house, corner of North Court street and North Crawford Ave., also a few White Rock pullets, pure bred, descendants of prize winners. Phone 14734. Enquire of Geo. F. Prescott, Leake Bros. drug store. 5613*

IMPORTANCE OF HEALTHY KIDNEY

WHICH IS BETTER—TRY AN EXPERIMENT OR PROFIT BY A DIXON CITIZEN'S EXPERIENCE.

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a lame back.

A lame, weak, or aching one. Would you experiment on it? You would read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Dixon case:

J. B. Clark, 722 Highland Ave., Dixon, says: "I had kidney complaint and backache and the doctors seemed unable to do anything for me. Finally, I read of Doan's Kidney Pills and got a supply at Leake Bros. drug store. They cured me and I haven't had any serious trouble since. I consider Doan's Kidney Pills worthy of the highest praise and I gladly confirm the endorsement. I gave them some years ago."

Mr. Clark is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills.

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Clark had—the remedy backed by home testimony. 50c. all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

THOUSAND DOLLARS ON HIS FORECAST

(Continued from Page Six.)

Progressive voter, of Bloomington, said that Roosevelt, when he was defeated in the Republican convention of 1912, bolted his own Republican organization, and by his act threw out of employment in this state four hundred thousand (400,000) labor men and stopped thousands of factories from doing business in the last year. A prominent merchant and Democrat of Danville, said that he had lost money every day since March 4, 1913, said he would be to turn his business house, if he times kept up, into a free house for the unemployed. He has been compelled to discharge the present administration and there is a return to prosperity. A other large employer of men, a publican, at Champaign, said his opinion this year would be a landslide as great if not greater than that witnessed in 1904, in Illinois. He also said that everyone was of the opinion that the old time majority would swing back into the public column and that the Democratic organization was so wronged up over the sentiment that the pendulum was swinging back so fast in the Republican side that it is stilling terror into the hearts of the Democrats and in their desperation stem the tidal wave of votes to the Republican ticket, the organization Democrats all over the state are trying to stop the landslide to the Republicans, but they have practically abandoned all hopes of being able to save from the defeat any part of the Democratic state ticket this fall.

A life long Democrat, a farmer, Walter D. Higgins, of Bloomington, at Strassburg, Cook county, Illinois, said:

"The issue of 1914 is bread and butter and a chance to earn it. Swe the politicians who played you for a sucker in 1912. Don't waste your vote on an also-ran party. Vote the straight Republican ticket and so the wheels go 'round again.'"

I found conditions in the rural districts point to the fact that the farmer, as in 1904, will join with the city voters for Senator Sherman and the entire Republican state ticket, at least 95 per cent of the farmers in Illinois will vote this coming election. They see no excuse for the war tax. They say we have no war and the tariff question is throwing the country fast into hard times and starvation; that the ports are clearing as much now as they ever have before, but the blow by the Democrats at the tariff of the country has cut off the revenue, and free trade in this country will put the United States into bankruptcy.

If the following prediction should fail to come to pass, namely, that Roger C. Sullivan will be defeated in Cook county by more than ten thousand votes. Raymond Robins will receive less than one hundred thousand (100,000) votes in the entire state, and Senator Sherman will be elected by more than two hundred thousand (200,000) majority, I will donate the sum of one thousand dollars to the unemployed state fund or to any charitable institution that Roger C. Sullivan or Raymond Robins may select.

It is most remarkable how fast the Progressive voters of 1912 are going back to the Republican party. They are moving so rapidly toward the G. O. P.'s big band wagon that they are running over each other and it is impossible to stop the Republican landslide of 1914. I hope that this report will be placed in your files for future reference.

Respectfully submitted,
RUDOLPH M. PATTERSON.

TOCIENT "CASCARETS" IS YOUR LAXATIVE

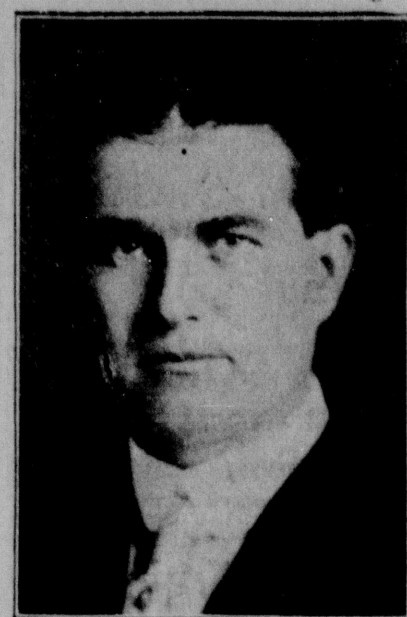

FOR SICK HEADACHE, SOUR STOMACH, SLUGGISH LIVER AND BOWELS.

Get a 10-cent box. Put aside—just once—the salts, pills, castor oil or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, severe colds, indigestion, sour stomach or constipated bowels. Cascarets belong in every household.

DIXON OVERCAME
BIG ODDS AT MT.
MORRIS AND WON

LOCAL HIGH SCHOOL TEAM BATTLED AGAINST HEAVY TEAM.

FINAL GAME HERE SATURDAY

Morrison High School Team Comes To Dixon For the Last Contest.

The Dixon union high school team won the hardest game it has been called upon to play in many seasons at Mt. Morris on Saturday afternoon when they went against the Mt. Morris town team, an aggregation composed of old football players and coached by Dave McCosh, the former quarterback of the Northwestern University. McCosh played quarter with the Mt. Morris bunch Saturday and directed the game; but the Dixon lads fought most courageously and copped, 19 to 13.

The handicap of great weight which the Dixon boys found themselves up against took the heart out of the first quarter and Mt. Morris scored both of its touchdowns in the first period. There was nothing doing in the second quarter and during the intermission between halves the boys talked things over, decided that they were not necessarily defeated, and when they went back into the game in the last half they went after things—and they got 'em, too. Church went across for a touchdown in the third quarter, and thus encouraged things were hustled some in the last period when Vaughan and Church each made a touchdown and Church kicked goal.

Morrison Here Next.
The last game of the local team's schedule will be played in Dixon on next Saturday, when the Morrison high school team champions of White side county, come for a game. The Dixon team has made an exceptional record with only one defeat this season, considering that the team is the lightest that has ever represented a local school, and therefore the patronage on next Saturday should be very liberal.

The new 1914 crop of Tom Thumb Popcorn has arrived. This is the corn that has the smallest ear, the smallest cob, the smallest kernel; and when popped the most tender and crisp corn grown.

It has been difficult to get enough of this corn to carry us from one crop to another. 1912 we bought 2000 lbs. but it only lasted till September the next year. 1913 we bought 2500 lbs. but not enough. This year we bought 3500 lbs. but as the demand is increasing each year it is not likely to last till the next crop. It is sold 2 lbs. for 15c, and 4 lbs. for 25c. Special price for 50 lb. and 100 lb. lots.
